RATE CLAUSES REFERRING TO TABLE I

1. VAT is not included in the port fees according to Article 6., Paragraph 5. of the Law on Value Added Tax;
2. The port fee for an annual berth at sea includes mooring, ship surveillance, electricity (up to 100Kw/h yearly), water consumption, sanitary facilities, and a parking space (one vehicle);
3. For vessels with a total length of 20 meters or more that have an annual sea berth, electrical consumption will be determined based on meter readings. If there is no meter on the dock, the rate will be increased by 20% based on the total price of the annual berth.
4. Port fee rates are based on the overall length of the vessel (LOA);

5. The rates of port fees for catamarans are calculated according to the price of the port fee increased by 100%;
6. The Zadar Port Authority retains the right to check the overall length of the vessel and determine a fee based on the actual measurements;
7. The annual sea berth port fees are only valid for the minimal period of six months;
8. An additional discount of 5% of the total invoice is granted for companies/owners that have 3 or more vessels with annual sea berths. The discount applies exclusively to companies/owners who fulfill their financial obligations to the Zadar Port Authority within the deadline;
9. Current users will be charged a set rate of 11 euros/m² per month for the usage of containers in the marina area, which will raise the port fee for an annual berth;
10. The vessel's owner must pay the invoice that the Zadar Port Authority issues within 15 days of it being delivered;
